Maneurop has now approved the Kickstart® MP1 hard start kit for all MT, MTE, LT, and LTE single phase, 60 hertz compressors.

The Kickstart® MP1 start kit significantly improves the starting capability of Maneurop single phase compressors in hard starting applications.

Use of other start components or devices without prior approval by Maneurop is not recommended and may void warranty.

The installation of the Kickstart® MP1 kit differs from standard Maneurop CSR kits. Please refer to the wiring diagram on page 2 for appropriate installation.
